

StentSpect^{CR}

When it comes to Inspection, we have the Vision

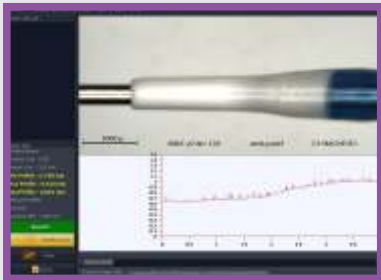

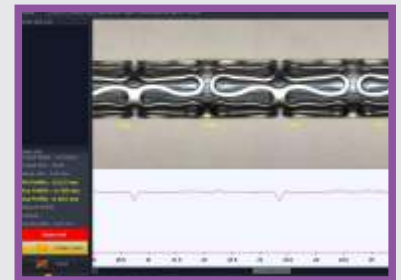

➔ Key Features

Fully automatic non contact, accurate and repeatable crimped stent imaging and visual documentation system

Display stitched image of entire crimped stent (or balloon)

Graphical presentation of profile diameter measurement

Refine manufacturing process through graphical SPC analytical report

➔ Specifications

- ➔ Measures crimped stent up to 55 mm Length (other options available)
- ➔ Measures crimped stent up to 5 mm diameter (other options available)
- ➔ Scans average long length crimped stent in less than 30 seconds
- ➔ Accuracy: Better than 6 micron
